

CLERK'S REPORT – GENERAL PURPOSES COMMITTEE 08 March 2021.
Report on actions taken on resolutions made at the last meeting:

4. Sign Cleaning – road signs in Upton have been cleaned.

5. Wildlife Pond – no specific progress has been made with this project but Cllr Poulton continues to look into various aspects.

6. Cycling Plan – following the PC meeting on 18 January where it was resolved to set up a working group to include Cllr Keenan and Cllr Walker, along with Mr John Violet and an additional Upton resident, I sent an email putting the group together and requesting that a meeting was set. I have also requested to be informed when a meeting has been held so that I may include an agenda item to report in to the PC.
